## **Historic and Classic Vehicle Logbook Fact Sheet**

### **Why have a logbook?**

- A logbook allows you to use vehicles registered under the Historic and Classic Vehicle Schemes for up to 60 days per year for maintenance and personal use (general use), outside of club-organised events.
- Each day of general use must be recorded in the logbook.

### **Who fills in the logbook?**

- A person responsible for the vehicle can fill in the logbook.
- Only one logbook entry is required per day, even if there are multiple drivers.
- The daily entry expires at midnight on the day of the logbook entry.
- The person making the entry in the logbook must write their full name and signature each time.

### **When do I carry the logbook?**

- The logbook must be carried in the vehicle at all times when the vehicle is being used. If you are towing trailers or caravans that are registered under the Historic Scheme, separate logbooks are required and also must be completed and carried.

### **When do I carry the Certificate of Approved Operations?**

- The certificate is issued to all vehicles registered under the Historic and Classic Vehicle Schemes. It must be carried in the vehicle whenever it is in use, including when using the logbook and during club organised events.
- As with the logbook, the certificate of approved operations for trailers or caravans that are registered under the Historic Vehicle Scheme must also be carried.

### **Do I fill in the logbook when driving interstate?**

- Yes, the rules applying to logbooks and club event use still apply when driving interstate. When interstate, the NSW rules must be followed.

### **Can I go on a multi-day trip?**

- Yes, provided that each driving day is recorded in the logbook.
- For days when the vehicle is parked up (not driven) a logbook entry is not required.

### **Historic and Classic Vehicle logbook and club run scenario.**

- A club run is an event that is publicised in advance, and then recorded by the club's secretary in the club's official events calendar. This includes invited events, organised by third parties, provided it is listed in the official TSOA events calendar.
- It can include travel from the member's home to the event starting location, the actual event, and direct return to the member's home.

#### **Scenario:**

- A club run is planned to go from the members' homes to a meeting point in Eastern Creek, a central meeting place for all club members. From there, the club members will drive to Katoomba and back again. This could potentially be a multi-day club event.
- No logbook or logbook entry is required for this club run provided it is declared to be an official club event.
- However, if a member decides to leave the club run and travel to Lithgow before returning home, a logbook entry would be required.
